

Jesus says... I cannot help it, if you are disappointed... But I release new Anointings

July 21, 2016 - Words from Jesus to Sister Clare

(Clare) The Lord is lifting us up, Heartdwellers. He intends for us to advance in the Kingdom, not only in virtues, but also in talents and fruit. If we slack off now and fall into self-pity we are depriving ourselves and the lost souls of joy and salvation.

Jesus began... "Do not concern yourself with the opinions of others who don't want to hear what I have to say. Rather, continue to be loyal to Me, Clare. In time, every last thing I have said to you will come about. In the meantime, pick up the mission entrusted to you and move forward."

(Clare) And on that note, He brought up some things He wants me to do. And they're exciting and I'm looking forward to it. I know that it's going to bear fruit because it's what He wants. He started to address all of the Heartdwellers at that point.

(Jesus) "My children, I cannot help it if you are disappointed that I have once again delayed My coming for My Bride. I am only answering your petitions and the cries of so many souls who are hanging over the abyss, not knowing their right hand from their left and crying out to Me.

"As persecution and trials erupt in different countries, more and more souls come to Me and are saved. It's really unsettling to the forces of evil; they are driving souls right into My arms."

"You who live in freedom at this time are given the assignment to pray for those around the world who are oppressed and deeply confused about Who I Am. This includes, especially, the Muslim nations. Seeing ISIS at work has thrown many into the worst confusion, being forced to witness atrocities, and these things being called good in the name of (their) god.

"This is why we must work while we have the light. In this country, you have been extended Mercy. Use that mercy to minister to others who are totally lost. Do not waste any time building a lifestyle for yourselves. Use that time to build up My Kingdom in every possible way - especially intercessory prayer for the world. You who pray are at the hub of the wheel, My Spirit ministers around the outside of the wheel and at the spokes. My arm is tremendously long and powerful, and you have the power to move it with your prayers.

"Even your sighs are strong intentions carried by the angels to the throne of My Father in Heaven. It is not necessary to say long and verbose prayers; your heart cry comes before us with the greatest volume. Each heart cry you have when you see injustice and suffering is caught by the angels, even as a shining gem of love, and offered in the courts of Heaven.

"Do not allow the devils to put you under condemnation because you don't pray as other people pray. Remember what I said about the Pharisees widening their robes and tassels and standing in public making numerous petitions for all to see. Unless their hearts are in their prayers, they are all but useless to Me.

"On the other hand, were you to catch a glance of someone suffering and you recoiled in pain with the intention... 'Oh My God, Mercy!' This is heard loud and clear and is very, very effective as a prayer.

"There is tremendous opportunity right now to move Heaven and Earth. There is tremendous potential to overturn the evil institutions of this Earth with prayer and solidarity with what is righteous and good. There is tremendous power to prevent wars and natural disasters with your heart-felt prayers. And in the meantime, as you wait for the word of My return for you, I will make you a light to the nations and increase your personal prayer life until you are standing beneath waterfalls of graces.

"Do not give in to discouragement. Gird up your loins, exercise your gifts and do not slack off on your prayers. I am visiting you all with new graces and many of you with promotions for your faithfulness to pray and offer sacrifices. Step into this new anointing and use it for My Glory. Be the faithful servant who invested his five talents and brought forth another five.

"I love you dearly! I will not abandon you to boredom, inactivity, or waiting. Rather, I am stirring into flame new opportunities and gifts while we finish this last leg of the journey together, bringing in a greater and greater harvest, as well as leaving behind plentiful teachings, music and holy art to inspire the left behind and My people Israel."
