

## Jesus explains... The obtuse Spirit - Do not close your Eyes to the Truth

August 5, 2016 - Words from Jesus to Sister Clare

(Clare) The Lord bless you, dear Heartdwellers, with His Wisdom.

Jesus began... "Never be afraid of being wrong. If you have this fear, you are sure to be manipulated by Satan. If you care nothing about being right or wrong, but care very much about the truth, the demons will have no leverage on you."

"Very often I allow error, because I'm taking the soul into a breaking through to a better level of understanding. Always, humility comes before promotion. My Dear Ones, there is nothing wrong with being mistaken; there is everything wrong with being in denial."

"When a soul becomes convinced of their own rightness, an obtuse spirit gains entry. An obtuse spirit builds walls that make you blind to the truth. Whatever knowledge threatens you, they build a blind spot into your thinking. If it goes on for years and years, a person's world becomes more and more narrow and limited."

"Please, always value the truth above being right and this won't happen to you. I lead My vessels through many, many paths of breaking and reforming; more numerous are they than you can count. When you come to serve Me, I have plans that I automatically implement, so that you will go from glory to glory. Don't be stubborn or lax, Dear Ones. All is for your good and the good of My Body."

(Clare) At that point, I was reminded of the building of a skyscraper. The foundation goes down so many hundreds of feet to support the top of the structure. So, the more important the ministry, the longer and deeper the preparation time. At least, that's been my observation.

(Jesus) "I am purifying My vessels in this hour, so don't be surprised if you uncover some blind spots in your life. Better now than later. What you work on now will no longer hinder you as you move forward. What you refuse to work on will hold you back - just like the Israelites were held back, when they continually went 'round the mountain for 40 years."

"Souls that fall into this life pattern only come to know themselves when I take them to Heaven. Then all is seen so very clearly. For some, it's a painful shock; but for others, it's a happy surprise. If you know Me, truly know Me on this Earth, you will also know yourself, because I teach you all about yourself as you follow Me with your whole hearts."

"So, never be afraid to be wrong. But always be concerned about missing the Truth. Stay faithful to Me and faithful to the Truth and you'll have nothing to be ashamed of in that Hour."
