

Jesus speaks about the looming Tragedies

February 13, 2018 - Words from Jesus to Sister Clare

Clare began... Dear Lord and Father God, please don't let them do what they want to do to destroy the world.

Please Jesus — please intervene supernaturally. Let the wickedness of the rulers backfire on their own turf, that nothing drastic must be done to stop them. Let the ruthless fall into their own traps and set our country free of this satanic grip. Oh, Father God, protect our nation as long as Trump is in office, or those who love righteousness are working to undo the evil agendas that have been set in place over the last 40 years.

Perry Stone, for instance, has had many dreams about a city with a beautiful bridge being blown up. The bridge being blown up at the base and then a huge tsunami coming in. We, too, have shared dreams with you about San Francisco and NYC. And I have to say that Deep State has the technology to do these things.

The evil rulers of this age have this technology to set off tsunamis and fault lines to destroy these two cities — New York and San Francisco. But apparently, they want to blow the bridge up from the base, and make it look like a tsunami took it out. But that's not what it's about. It's about terrorism, the same way as with the twin towers on 9/11.

Lord, please forgive me if I am wrong. But please, dear God, can't our prayers do something to prevent these things from coming true?

Jesus began... "My dear Bride, I know your plate has been full of sorrows, and progress in many areas, as well. And I know you grieve for what could soon happen. We grieve as well."

"My Father grieves with Me and My Holy Spirit — but some things cannot be totally averted. Nevertheless, your prayers are powerful and We do hear them. And We do consider them. And We do make changes to accommodate your prayers."

"Yes, Our hearts are breaking with looming tragedies that will take innocent lives; We cry over the very thought of these. Please. Please do press in and pray!"

"What can be done? Yes, you can pray with all your hearts that these things can be lessened, averted or postponed — and again I tell you, your prayers are heard in Heaven. Satan has many plans for the Earth, many of them have already come to fruition. But I tell you again: your prayers are powerful and My Father is STILL in complete control of what will happen here."

"Your prayers are powerful! Think of the loss of innocent lives and pray, pray, pray for Mercy. Pray that wickedness in high places will be thwarted. Pray that your nation will wake up and see what this President has done that is so good."

"Pray that the uninformed ones will see evil puts on a pretty face, a pretty face, a handsome face. Evil says many things people like to hear. Evil deceives—and the American people have been duped because they were not paying attention."

"Pray that they wake up, My People, and do your part to expose evil. There is still hope. You are not past the point of no return; there is hope. But it is the power of your prayers, your votes, and your ability to inform the ignorant that will accomplish the greatest good for America and the world."

"Do your parts and We will do Ours."
