

What does God say about Donald Trump and the Election 2020?

(The Lord's Word & Warning thru Brother Sadhu Selvaraj)

I'm not here to tell you how to vote, I'm here to tell you what God thinks. That's my job, to reveal to you the mind of the Lord, to reveal to you the will of the Lord. That's my job, and then you will decide. I've never seen any president of any nation so badly insulted, so badly trashed like Mr. Trump of the US. No other nations have ever done that to their presidents or their prime ministers, no?

The utter disrespect that the general American people have for their head of state, that is very, very contemptuous. It's not the man, it's the office, so whoever sits in that chair deserves to be respected, deserves to be honored.

Suddenly, I saw a vision, and the Lord began to speak to me about the United States again. And he said: "Three powerful 'prince angels' are stationed with President Trump, and they will strengthen him, and he will triumph." So what exactly does the word 'triumph' here mean? I don't know, so I don't want to add in my own opinion or commentary there.

And the Lord Jesus said this: "I love him. He is my servant." And when the Lord Jesus spoke that, I saw tears coming down from his eyes. He said: "I love him. He is my servant. He will fulfill my will for this nation, as well as for Israel. If the Christians in this country will gather together in groups, in churches, to pray sincerely, without prejudice and bias, then I will push back the enemy's plans to thwart Trump."

Look, you will never know his (Trump's) heart, but God is seeing his heart, and he's saying he's fighting for survival, not even for the next term, you know, but just to finish his current term. He is fighting for his survival. He's a broken man. The very people who should support him, the evangelical Christians, if even they turn against him, then you'll lose all hope, isn't that true.

So I will show him my favor, and shower my grace upon him, for he is a broken man within, and he fights for survival. All the nasty attacks against him show the sinful and evil nature of the majority of the people of this nation, who want unrighteousness to triumph. Mr. Trump should continue for another term, for God's purposes for this nation to be done, which means, they are not finished yet.

God wants to give you another four years of grace. Four years to restart something, restart! So these first four years were just 'preparing the ground'. And the next four years will be for the seeds to germinate, for the shoots, flowers and fruits to come, and the tree to blossom and grow. And you will be a respected nation once more.

Now I want you to go to America and warn them of the judgment that is coming upon them. Now please listen very carefully: If they choose the wrong president...
