

Wars & Famines... A Dialogue between Mother Mary & Sister Clare

July 16, 2021 - Words from Mother Mary & Sister Clare

(Clare) May the Lord grant you keen discernment and perfect freedom from the lies of a religious spirit that always seeks to distort the truth, especially when it threatens Satan's kingdom... Amen

I marvel that the mother of Jesus comes to visit and instruct us. I marvel even more that I can hardly tell the difference between her and the Lord's words. It must be because her heart is so totally united to His. There is something about her that is so much like Him. But I have been fighting a wall of haze, difficult to hear and see through. And I do not know whether this is opposition from the enemies of Christ - or my own shortcomings. But I know I can trust our Lord to bring me through to the other side, and to bring accurate messages to you.

I just miss, really, being close to Him. There have been a few moments where we have danced together, and where He held me, it was so precious. I would love to go back to those places, they are very nourishing and strengthening.

Well, so many terrible wars and famines are being unleashed. Nigeria, India, Haiti, Cuba and South Africa, I believe to install the Marxist agenda and take freedom from the face of the earth. Please my dear family, pray for them, pray. I cried out during the Rosary to Our Lady to please help me to hear clearly. With all those things going on, my heart is so attached to everything. And she answered me and said...

(Mother Mary) "I am here, and I hear your cry for help. So many around the world are starving, and this happens deliberately, and now it is coming to your country. Your prayers for them avail much. Pray for them very much. It is so tragic, Clare, and this is another reason why things must be accelerated."

(Clare) And here she is talking about the Rapture.

(Mother Mary) "Each day that goes by, more of these innocents are suffering and dying of disease and starvation. All of this has been preplanned by those who run the world. They have no compassion what so ever for anyone outside of their own. Do not despair, truly your prayers are effective to bring comfort to those who are without. This is another reason why all of you should be models of moderation so that no one can accuse you of stealing from the poor.

"The poor are God's gift to you. It is by comforting them that the Lord Himself is comforted. Never neglect to do a good work when you can. Each little thing you do brings Him great happiness and fulfillment, and it shows that you are indeed children of Your Heavenly Father.

"It is by denying comfort to those in need that your heart becomes hardened. By watching over yourselves carefully, knowing that you can increase others that are in extreme need by limiting what you do with your own resources, softens your heart and sets the right example for others.

"I want to address your deep sadness, Clare. If there were another way to do this, Jesus would have found it. But the layers of corruption go so very deep in this country and throughout the world that the time has truly come to begin the cleansing of planet Earth."

(Clare) Mother, I do not understand how there can be this glorious new age everyone is talking about with all of this going on, knowing that we too are targets for destruction.

(Mother Mary) "One hopes for the best, does what one can and anticipates the remainder. You have a good leader in President Trump, and he has made quality decisions. But there is a point at which that, what actually happens, determines the counter measures.

"There are many complicated dynamics to weight in the balance, between politics, famine, and shortages of every kind. So many dynamics come forward and there is no easy clean solution. Much depends on how injured this nation becomes right now, that is the priority."

(Clare) And I have been crying out for our country, that the Lord would not allow the powers that work for Satan to nuke our nation, but there have been so many prophecies and we have seen it so many times it is going to be a miracle, if we come away unscathed. We must pray for protection, and for protection for our President every day. Everyone here at the Refuge is praying for those intentions.

(Mother Mary) "One thing you must know, Jesus is coming back, and you must prepare people."

(Clare) I said, I am really confused on how to present this since I have already talked about it before. And what I am mentioning here is the confusion around the thousand-year reign of peace, that some were saying it is going to come soon.

(Mother Mary) "Work at it Clare, do not give up so easily, persevere, and yes, I will help you."

(Clare) Thank you, mother, I feel so lost right now. But I am again listening to those who speak of the Great Awakening. It has many layers and dimensions, my only concern is where the demon aliens fit in, their agenda, and a push that God is not needed in this equation. Also, there is talk of the thousand-year reign of peace, but the most accurate history book in the world lays out the sequence of events and they have not been fully carried out yet. Still this brick wall of oppression is something only the Lord can conquer and I know He will not allow me to be tested beyond remedy.

(Mother Mary) "Part of that is an external oppression the Lord is allowing right now for the comfort of other souls. Remember we have talked about that before."

(Clare) That is Simon's Cross, by the way. The Lord did a message on Simon's Cross that explains that dynamic more fully, and that He allows us to carry a sliver of that cross, and it comes in the form of suffering and difficulties.

(Mother Mary) "Do your best beloved, you always do. Remember it is not depending on people hearing you or not, it is depending on their response which is not your responsibility. Holy Spirit is with you, you are lacking faith and confidence, but I can assure you, He is with you."

(Clare) In that moment I caught a glimpse of His face right in front of me and a smile crossed my face, just a big smile recognizing Him being there with me. Oh, precious Holy Spirit, help me.
